## Summer Educational Camp

*Kindergarten Jump Start Camp  
and 1st - 5th grade Head Start Camp*

**July 9 - July 20, 2018**

## Course Descriptions

### Kindergarten Jump Start Camp

The kindergarten program is HANDS ON and designed to prepare your child for a successful transition into kindergarten at a public school or private school. Students will be exposed to beginning kindergarten literacy and math skills as well as other skills that will help your student be successful as they start school. This summer there will be a focus on learning about **The Great Northwest!**

Your student's social and emotional development will also be a focus of our jump start program.

### 1st- 5th Head Start Camps

Our head start programs are designed to strengthen the skills that students learned the prior year and to develop new skills that will give them a confidence to begin the next year. We will have HANDS ON ACTIVITIES, fun games, and integrated STEM. (Science, Technology, Engineering, and Math).

### What to Expect

Each Monday, families will receive an outline of the objectives and activities that will be taught that week. At the conclusion of the program, each child will receive a report charting progress they have made in the Jump/Head Start program. We will be headed on two field trips (one each week)...locations to be determined.

### **COMMENT From Mother of First Grade Student:**

*"It was such a fun way to keep my daughter caught up academically and for her to make new friends.  
It was valuable for us to know that she would be prepared for next year's grade level  
She loved it and I did too!"*

**A fun Pacific Northwest Theme with Science Activities , Crafts, Snacks, Field Trips & Individualized Instruction!**
