SUMMER of GOLD

Summer

Educational Camp

July 13 - 17

8:30 AM - 12:00 PM

Kindergarten Jump Start Camp &
1st-6th Grade Head Start Camp

Course Descriptions

Kindergarten Jump Start Camp

The kindergarten program is HANDS ON and designed to prepare your child for a successful transition into kindergarten at a public school or private school. Students will be exposed to beginning kindergarten literacy and math skills as well as other skills that will help your student be successful as they start school. This summer there will be a focus on learning about **The Olympics!**

Your student's social and emotional development will also be a focus of our jump start program.

1st-6th Head Start Camps

Our head start programs are designed to strengthen the skills that students learned the prior year and to develop new skills that will give them a confidence to begin the next year. We will have HANDS ON ACTIVITIES, fun games, and integrated STEM. (Science, Technology, Engineering, and Math).

What to Expect

On Monday, families will receive an outline of the objectives and activities that will be taught during the week. At the end of the week, each child will receive a report charting progress they have made in the Jump/Head Start program. On Friday, we will be headed on a fun and educational field trip to Naydenov.

COMMENT From Mother of First Grade Student:

"It was such a fun way to keep my daughter caught up academically and for her to make new friends.

*It was valuable for us to know that she would be prepared for next year's grade level
She loved it and I did too!"*

A fun Olympics Theme with Science Activities, Crafts, Snacks, Field Trips & Individualized Instruction!
